DETAILED ACTION

1. Applicants filed two after final amendments dated May 30, 2006 and July 10, 2006. The claims presented in the May 30, 2006 amendment were canceled by the subsequent amendment dated July 10, 2006.

Claims 1-280 have been canceled. Claims 281-308 are pending.

- 2 ***Examiner's amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 282, line 1, the term "chemical" is changed to --compound--

Claim 296, line 1, the term "chemical" is changed to --compound--.

3. ***Reason for Allowance***

The following is an examiner's statement of reasons for allowance:

In the second after final amendment filed by applicants dated July 10, 2006, claims 281-308 were presented. Applicants employed the official nomenclature for the two compounds disclosed on page 18 of the specification. The official names have been considered and compared with the nomenclature for the two compounds by CAS, see RN 371165-43-4 and RN 371165-36-5 wherein the molecular formulas are identical to the instant disclosure. The mere employment of office nomenclature of the product is not new matter. A survey of the Chemical Abstract Registration file indicated that such unique molecular formulas for RN 371165-43-4 and RN 371165-36-5 which correspond to the two compounds described on page 18, are neither anticipated nor rendered obvious by the art of record (see CA 135:348889). Applicants have provided four Affidavits under 37 CFR 1.132 verifying that the "form" is maintained in the solid pharmaceutical composition thus would have the stability required for pharmaceutical formulation. Claims 281-308 are allowed.

Art Unit: 1625

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
